DETAILED ACTION

Response to Amendment

1. Applicant's amendment, filed 14 November 2005, has been reviewed and considered. Claims 1 and 2 are canceled, claim 3 is amended and new claim 4 is added. In view of applicant's amendment, the prior art rejections presented in the first Office Action are withdrawn. However, an updated search and further review of the prior art of record has prompted the presentation of the following rejections.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 3 and 4 are rejected under 35 U.S.C. 102(b) as being anticipated by Lausch (U.S. 2,609,977).

Lausch discloses a low relief clothes display form (Figure 1) having shoulders and notches in the shoulders. Each notch includes an opening and an undercut wherein each undercut comprises a lip of display form material partially blocking the opening of the notch.

With regard to claim 4, the form has a downward direction when suspended vertically and the undercuts are on the downward sides of each notch.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hatakeyama '805 and Tomarin '096 disclose a low relief clothes display form with shoulders, notches in the shoulders and wherein the notches includes an opening and an undercut.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 3765

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
